

Frutas y Hortalizas del Sur S.A. Expands Recalls to Include Additional Lots of Great Value frozen Organic Triple Berry Blend 10 OZ, Great Value frozen Organic Blueberries 10 OZ and One Lot of Trader Joe's frozen Organic Mixed Berry Blend 12 OZ because of potential contamination with *Escherichia coli* O145:H28 (*E. coli* O145).

October 02, 2026. Frutas y Hortalizas del Sur S.A., San Carlos, Chile expands its previously initiated recalls on July 3, 2026 and September 3, 2026 recall of frozen organic IQF blueberries and berry blends to include additional lots of Great Value frozen Organic Triple Berry Blend 10 OZ, Great Value frozen Organic Blueberries 10 OZ and one Lot of Trader Joe's frozen Organic Mixed Berry Blend because of potential contamination with *Escherichia coli* O145:H28 (*E. coli* O145).

E. coli O145 is a Shiga toxin-producing *E. coli* (STEC) that can cause illness characterized by severe stomach cramps, diarrhea (which may be bloody), and vomiting. While most healthy individuals recover within a week, some infections may result in a serious complication known as hemolytic uremic syndrome (HUS), particularly in young children, older adults, and individuals with weakened immune systems.
